PostgreSQL	

EDUCATION

Coding Bootcamp

TechUp

June - Oct 2023

HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, PostgreSQL, Software Testing, Git

Bachelor's degree

Mahidol University

2015-2018

Field Study of Biology/Biological Sciences, General

PROFILE

Hey there! I'm a seasoned freelance photographer with a knack for capturing life's magic through my lens. Over 6 years, I've crafted top-notch content that narrates captivating stories. But now, I'm adding a new language to my storytelling: code. Formerly an intern at Glazziq Co., Ltd., I masterminded engaging video content that synced perfectly with the brand vibe. Managing projects from idea to post-production, my eye for detail and creative flair stood out. Beyond visuals, I'm immersing myself in the coding realm. Armed with certifications in tech support, digital marketing, and Python programming, I'm steering toward a full-stack developer role with a focus on the MERN Stack.

WORK EXPERIENCE

Freelance Photographer

mmshutterbook

2016-2023

- Communicated with event organizers to understand specific requirements and event schedule.
- Brought necessary equipment to capture high-quality photographs, including camera, lenses, and lighting.
- Arrived early to familiarize myself with the venue, set up equipment, and discuss last-minute details.
- Captured key moments of the graduation event, such as graduates receiving diplomas, speeches, and group photos.
- Maintained a discreet and professional presence to avoid disrupting the event.

Video Creator Intern

Glazziq Co., Ltd.

Jul - Sep 2018

- Developing video concepts and storyboards that aligned with the company's brand and marketing objectives
- Shooting and editing high-quality video content using professional equipment and software
- Collaborating with marketing and creative teams to ensure video content was aligned with the overall brand strategy
- -Managing video projects from start to finish, including pre-production planning, on-set coordination, and post-production editing
- Creating engaging and informative video content that showcased the company's products and services
